LETTER FROM THE BOARD

Empathy is seeing with the eyes of another, listening with the ears of another and feeling with the heart of another

Alfred Adler

The past two plus years have been very challenging for everyone in our community. The uncertainty of what we were heading into, the helpless feeling as we entered an unfamiliar concept of a 'lock down', challenges finding some essential items in stores (remember the great toilet paper shortage of 2020?), the anxiety of ourselves or a loved one catching a virus that we didn't know much about, and on and on. Regardless of your socio-economic status, you were impacted.

However, that impact wasn't always equitable. Many of us were able to weather the lock downs with our families, streaming Tiger King, learning about curbside pickups and online grocery orders and connecting with family and friends via video conference calls.

Unfortunately, this wasn't the case for a significant portion of our population. The pandemic was, and continues to be, particularly harsh on the most vulnerable amongst us. Lack of access to internet (wifi), supports that were closed during the pandemic, precarious employment, food insecurity, isolation and many other factors were, and continue to act as, barriers and challenges for the vulnerable in our community.

At The Hope Centre, we are proud to say that, while the service delivery may have looked different than normal, we were able to stay open throughout the entire pandemic. Thanks to supports from our community, funders and government, we were well positioned to continue to provide food security programs, homelessness prevention services, counseling programs and continue to provide emergency shelter for those experiencing homelessness.

We owe a huge debt of gratitude to our engaged board of directors, dedicated and passionate staff, our wonderful volunteers and most of all, to the Welland Community who has continued to support the work we do. Thank you! We could not have weathered the storm without you!

VOLUNTEERS

The Hope Centre depends on our volunteers for the success of our organization. We are grateful for our long-term volunteers who persisted throughout the pandemic - we couldn't have done it without you! A warm welcome to our new volunteers as well.

A special thank you to our dedicated kitchen volunteers who prepare meals for hundreds of clients each week in our Community Lunch Program. Our food bank volunteers who organize the pantry shelves and assist our clients, our volunteer drivers who pick up food donations, bingo volunteers who help us raise funds and office volunteers who provide administrative support - thank you for being part of our team!

We would also like to thank our volunteer board of directors who support and champion the work of The Hope Centre and the welfare of our clients.

Volunteers like you help make our community a better place. Thank you!
